The book is a comprehensive elucidation of Homeopathy as a scientific system of medicine. It covers all aspects of the said system -- citing about 85 case-illustrations with specific therapeutic conditions.

In the book the author has covered all aspects of Homeopathic Medicine including chapters on the importance of Chronic Miasma (Nosodes), and the treatment of children with behavioral problems.

Unique diagram presentations of homeo-medicines related to Boger's Synoptic-Key repertorization cases of the Materia Medica and the Rubrics constitute among other references.

A glimpse into the contents of this highly-acclaimed book:

- *Homeopathy, the scientific medicine
- *Art of Case-taking
- *Potentization and Repetition of Doses
- *Application of NOSODES / SARCODES
- *Case Analysis-- indicating Parameters
- *Role of Etiology in Homeopathy
- *Surgery in Homeopathy
